

# Do you have a child with **ASTHMA?**

Your home may be making your child's  
asthma worse!

Ask about the

## *PUTTING ON AIRS PROGRAM*

It's a **free** program sponsored by three participating public health districts to help you better manage your child's asthma.

A health professional and an environmental health specialist will conduct a free inspection of your home to identify environmental asthma triggers and create a plan to help your child breathe easier.

Find your town under these **Asthma Public Health Partners** and call today!
