VIAL OF LIFE PROGRAM

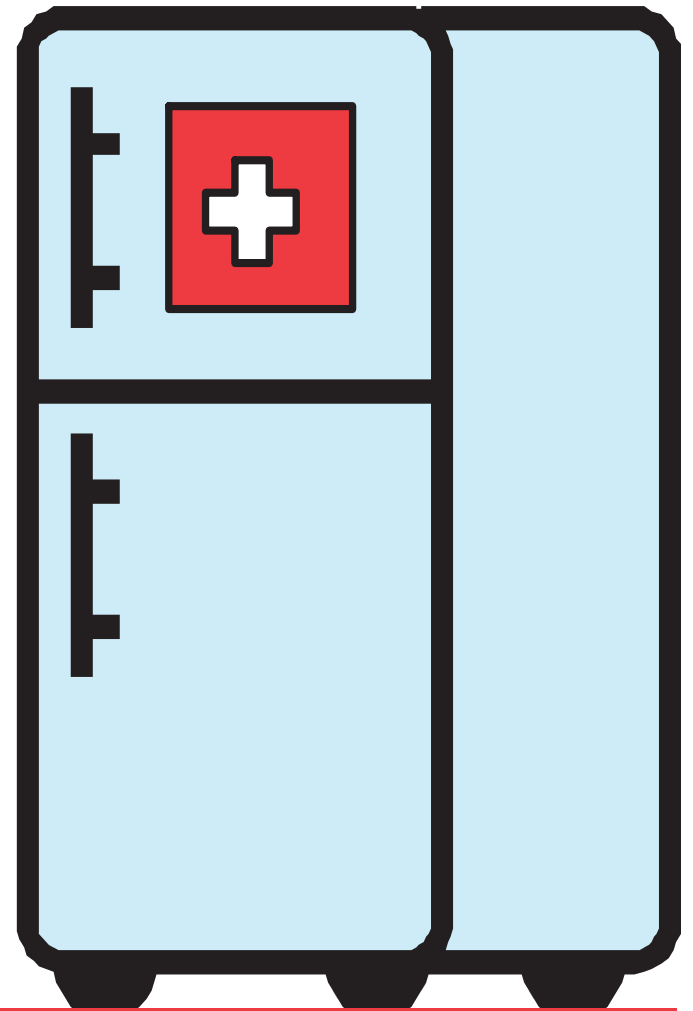

LIFESAVING INFORMATION FOR EMERGENCIES

Keeps food cold. Saves lives.

What is the VIAL OF LIFE Program?

It is a way to have important life-saving information available for Emergency Medical Responders in the event that you are injured or ill at your home and are unable to communicate.

While it is useful for all family members, it is especially helpful for senior citizens, those living alone, or those who are chronically ill.

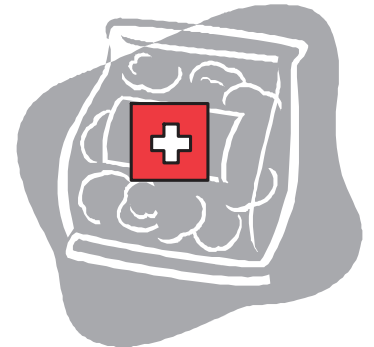

How to Use the VIAL OF LIFE

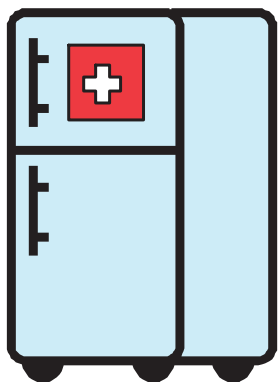

1. Call NDDH for your free VIAL OF LIFE KIT. Fill out the VIAL OF LIFE FORM.

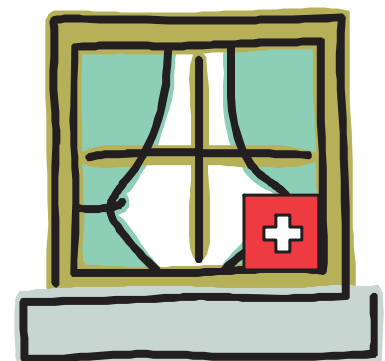

2. Put the completed form and other important health decision-making information in a zip-lock plastic bag and put a VIAL OF LIFE DECAL on the front of the baggie.

3. Tape the baggie to the front of your refrigerator door.

4. Put a second VIAL OF LIFE DECAL on your front door or window that directs Emergency Medical Responders where to find your life-saving information
