

# COVID-19 vaccines are for everyone

COVID-19 vaccines are **free for everyone** living or working in the U.S. regardless of immigration or health insurance status.

**Get a COVID-19 vaccine as soon as you can.**  
**Encourage your family and friends to get their vaccinations too.**

## Together we can stop the pandemic.

Providing an ID is not a requirement for a person to receive a COVID-19 vaccine. Providers can ask for ID, but cannot turn people away if they don't provide ID.
