EHS Circular Letter 2021-93

To: Local Directors of Health
Certified Food Inspectors

From: Lori J. Mathieu, Branch Chief 

Date: November 29, 2021

Subject: Updated List of Approved Testing Organizations and Tests

Background

Section 19-13-B42(s)(4) of the Regulations of Connecticut State Agencies states, "Each person owning, operating or managing any food service establishment designated either as class III or class IV shall be a qualified food operator or shall employ on-site at least one (1) qualified food operator who is in a supervisory position at said establishment." Section 19-13-B42(s)(5) states, "To be approved, a testing organization shall make application to the department on forms provided by the department and therein demonstrate responsibility for all aspects of the testing system from the development of the test, through test administration including test security system, documentation of successful test completion and record maintenance. Testing organizations must reapply for approval every five (5) years."

Updated Information

The attached list is being provided to reflect the addition of AboveTraining Inc. dba StateFoodSafety's *StateFoodSafety Certified Food Protection Manager Exam* as an approved test for meeting the requirement for being a Certified Food Protection Manager (Qualified Food Operator). There are now five (5) approved tests on the list. StateFoodSafety's application demonstrates that they are responsible for all aspects of the testing system that are outlined in our regulations. This test has been reviewed by the Food Protection Program and has been found to include all elements of knowledge and competency required in the regulations.
