69 South Main Street, Unit 4, Brooklyn, CT 06234 860-774-7350 / Fax 860-774-1308 <u>www.nddh.org</u>

## A MESSAGE FROM THE DIRECTOR OF HEALTH, Fiscal Year 2021

COVID-19 first appeared in December of 2019. By the summer of 2020, infections were common in northeast CT. The team at NDDH provided leadership and support to the community and we, in turn, were supported by many public health partners. We are fortunate to work in a state with a strong public health system—and a local community dedicated to working cooperatively to care for friends and neighbors.

NDDH helped schools prepare for re-opening and helped businesses understand and adhere to the Governor's Executive Orders and the state's Department of Economic and Community Development's Rules such as social distancing and mask-wearing. We counseled individuals and businesses on isolation and quarantine requirements. NDDH contact tracers reached out to people to talk about very challenging personal

experiences. They were the helpful voices that provided information and assistance including referrals to social services. Throughout the year we promoted COVID-19 testing services.

In December 2020, NDDH became one of the first in the northeast to offer COVID-19 vaccinations. NDDH conducted training programs to ensure that health-care workers and other high priority groups received their vaccines in a timely fashion. As vaccine eligibility expanded, NDDH expanded its outreach and education efforts. We used new technologies including Zoom meetings for a train the trainer initiative to teach employers, municipalities, social service agencies, and others to help people schedule vaccination appointments. NDDH was among the first in the region to offer COVID-19 vaccines to children and worked with Day Kimball Healthcare to bring vaccination clinics to all district schools in record time. By May 2021, we focused on socially vulnerable and hard to reach audiences using Vaccine Equity Partnership Funds from the CT DPH. Our activities were aligned with our strategic plan—including website development, customer service, health informatics, and performance management. Consequently, we were working on strategic goals while combating COVID.

NDDH provided 51 doses of COVID vaccine to Eastford residents and held 2 COVID vaccination clinics in Eastford. We contacted 103 residents from Eastford for COVID case investigations.

Community partnerships and the outpouring of support of the community was integral to our efforts. We would not have been able to vaccinate so many without our Medical Reserve Corps volunteers. They provided endless hours of work and heaps of compassion and caring. (Anyone interested in becoming an MRC volunteer can learn more on our NDDH.org website.) We received funding from the CT Office of Rural Health and Loos & Company, hand sanitizer from Walgreen's, and a vaccine freezer from Bousquet's Appliances. Interns from Eastern CT State University's Business Information Systems program helped us design a website to simplify the vaccination registration process. Day Kimball and Generations Healthcare agencies were excellent partners in providing vaccine, and Access Community Action Agency, the Family Resource Centers of Plainfield and Putnam, Hale YMCA, InterFaith Human Services of Putnam, Project PIN, Quinebaug Valley Senior Citizens Center Senior Resources Area Agency on Aging, TEEG, and United Services helped us to locate, educate, and vaccinate community members. We thank you all and look forward to another year of successful programs to continue to make this a great and healthy community.

Suran Starkey, MPH MS RD

Susan Starkey, MPH, MS, RD Director of Health
